Product Story

Between your responsibilities at work and at home it may feel like there's little time for healthy eating. And when you do find time to grab a snack it's probably tempting to just order at a drive-thru or throw a couple of quarters into a vending machine. But it is possible to have a healthy snack! In fact, if you have a busy schedule it's more important to eat nutritious foods that give you energy throughout the day.

If you've been looking for a nutritious and satisfying snack in between meals, the Young Living Manna Bar is the ideal snack. Manna Bars contain whole foods like fruits, nuts, seeds, grains, and cinnamon and lemon essential oils. A perfect companion product to Balance Complete, Manna Bars are a low-calorie snack with four grams of fiber per bar.

Research shows that a diet rich in fiber and whole-grains can reduce the risk of heart disease. People watching their weight should think about both the type of snacks they choose and how often they snack. Studies have shown that eating healthy, nutrient-rich snacks between meals may help with weight loss.

Perfect for a wholesome and convenient snack at home, in the office, or on the go! Discover the nourishing, natural goodness of Manna Bars.
